

Healthy Gardens For All A Hands on Workshop Series

Saturdays 11:00 am. - 2:00 pm.

@ the HouseHold Hazardous Waste Facility* , 101 Pittsburg Ave. off the Richmond Parkway

Join us for a series of fun and easy workshops on healthy & organic gardening. Each session includes presentations, demonstration, discussion and hands-on activities in our garden. Meet other gardeners from your and share gardening experiences. Beginning and experienced gardeners are all welcome.

Classes may be taken independently, but they also work well as a series.

April 3 - Planning and Planting a Spring & Summer Vegetable Garden

Learn helpful tips for making your vegetable garden more successful and fun.

We will discuss:

- * garden layout
- * what to plant and how to plant it
- * how to use resources wisely, including water, fertilizer and your own time.

May 1 - Conserve Water and Care for your Soil

Learn how to build your soil and how to conserve water.

We will discuss:

- * working effectively with your soil for maximum yields
- * using water efficiently and plan drip irrigation
- * choosing different kinds of mulch & making gardening tasks easier.

June 5 - Healthy Gardens without Toxic Chemicals

Learn how to stop garden pests from bugging you.

We will discuss:

- * managing your garden to prevent problems
- * identifying common bugs that are harmful or helpful
- * dealing with pests without poisoning yourself, your family, pets, or our environment.

Preregistration required, call the RecycleMore Hotline at 510-215-3021 or email info@recyclemore.com

This free program is sponsored by RecycleMore.

*Come early to drop off your Household Hazardous Waste

Drop off hours are 9:00 am - 4:00 pm

Presented by the Watershed Project
